

HOW TO CONTRIBUTE TO THE FUTURE OF FIXING WIKI:

The Future of Fixing is an open source exhibition resource.

It's licensed under Creative Commons 4.0 BY NC SA which means the content is freely available to download, adapt, remix and share with others.

In a nutshell, this is what it means:

- * **BY - ATTRIBUTION:** give due credits in the space (e.g using the intro poster) and online (e.g adding a credit line and link to our wiki)
- * **NC - NON COMMERCIAL:** don't use the wiki content to generate income. If that is your intention, get in touch with us to discuss options.
- * **SA - SHARE ALIKE:** Make what you remix, adapt and create available for others to use under the same licence. Do this on your preferred website, then fill up the form on the network page to let us know where to see this content physically and online.

Full terms of the licence are here <http://creativecommons.org/licenses/by-nc-sa/4.0/>.

There are two ways to contribute to the wiki:
